

VAIBHAV SAMBHAJI KALE

.NET Developer | System Engineer – Endpoint & Cloud Management
vaibhavkalepiliv@gmail.com • +91 91124 72199 • Solapur, Maharashtra, India

PROFESSIONAL SUMMARY

System Engineer with 1.2+ years of experience across .NET web application development and endpoint/cloud management. Skilled in building web applications with C#, ASP.NET, and SQL Server, and in managing application packaging and endpoints using MSIX, Microsoft Intune, and SCCM. Microsoft-certified in Azure Administration and DevOps solutions, with a strong analytical mindset and a track record of reliable, secure system delivery. Seeking to bring a blend of development and cloud infrastructure skills to a growth-focused engineering team.

TECHNICAL SKILLS

Languages: C#, .NET, JavaScript, TypeScript, C++

Web Technologies: ASP.NET, ASP.NET Web Forms, Angular, Bootstrap, HTML/CSS

Database: MS SQL Server (2008, 2018)

BI & Reporting: Power BI

Cloud & Endpoint Management: Microsoft Azure, AWS, Microsoft Intune, SCCM, MSIX Packaging, Azure DevOps

Tools & IDEs: Visual Studio 2019/2022, Visual Studio Code

Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (Beginner)

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Microsoft Certified: Azure Administrator Associate
- Designing and Implementing Microsoft DevOps Solutions
- Securing Cloud Resources with Microsoft Security Technologies
- C# Programming Certificate
- SQL (Basic) – HackerRank
- Data Structures & Algorithms, Beginner – CodeChef & Coding Ninjas

PROFESSIONAL EXPERIENCE

System Engineer | Wipro Ltd

Mar 2026 – Present

- Manage application packaging and endpoint deployment using MSIX, Microsoft Intune, and SCCM across enterprise environments.
- Work across hardware, software, networks, and cloud environments to maintain system performance, reliability, and security.
- Monitor and troubleshoot endpoint issues to minimize downtime and ensure consistent service delivery.

.NET Developer | Aaraycon Technology Enterprises Pvt Ltd

Dec 2024 – Jan 2026

- Designed and implemented web applications using C#, ASP.NET, and SQL Server, applying OOP principles throughout.
- Developed and tested application modules in Visual Studio 2022, identifying and resolving functional and logic bugs.
- Communicated with clients regularly to gather requirements and provide project updates.

KEY PROJECTS

Sales and Inventory Management System (C#, ASP.NET, SQL Server, CSS, Bootstrap, Visual Studio 2022)

- Built a web-based inventory system to track goods across the supply chain, with a responsive HTML/CSS front end.
- Implemented backend business logic and optimized database queries to improve accuracy and performance.

Government e-Document Portal (C#, ASP.NET, SQL Server, HTML, CSS, JavaScript, Bootstrap, Visual Studio 2022)

- Developed an e-governance web portal for citizens to apply for and generate official documents.
- Built applicant identity verification workflows using Aadhaar, PAN, and other ID details, with server-side validation.
- Designed the SQL Server schema and implemented dynamic document generation logic in C#/ASP.NET.
- Built a responsive HTML, CSS, and JavaScript front end for form submission and application status tracking.

EDUCATION

Bachelor of Computer Science (B.C.S.) – Punyashlok Ahilyadevi Holkar Solapur University, Solapur

2025 | 67.88%

H.S.C. (Science) – Pune Board

2022 | 64.50%

S.S.C. – Pune Board

2020 | 75.80%
